

# Primo Ledeboer Gill

## Software Developer and Designer

914-491-0993 | primoledboergill@gmail.com | New York, New York

[Portfolio Site](#) | [LinkedIn](#) | [GitHub](#)

### TECHNICAL SKILLS

**Languages:** Javascript, HTML5, SQL, CSS, Python

**Tools:** Adobe Illustrator, Figma, Adobe After Effects, VSCode, Github, Postico

**Other:** Node.js, React, Express, Sequelize, Postgres, Redux, Less Css, Fluent in Dutch and English

### PROJECTS / EXPERIENCE

#### [NS Meetup](#) | **Developer & Design**, January 2023 | [GitHub](#)

- Developed an application which serves as a trip planner, with the feature of providing convenient meet-up locations near the given destination, and an easy tool to share your trip information.
- Built using third party API's from NS (de Nederlandse Spoorwegen) to find and update the trip in real time.
- Planned and designed using Figma for UX/UI work, and Adobe Illustrator for graphics.
- Developed using React js, HTML, Less CSS, Axios, and other libraries.

#### **Book Beasts** | **Developer**, October 2022 | [GitHub](#)

- Book Beasts is a content management system where students between the ages of 6 and 12 can write books using a provided template, while instructors can leave feedback on the content.
- Developed the Student Portal interface including the "create/edit-book" feature.
- Created a WireFrame to plan vertical slices for each team member, including design mockups.
- Developed using Node.js, Psql, React, Redux, and other libraries.

#### **Freelance design**, 2019-present | [Recent Work](#)

- Designed User interfaces, Logos, and Business Cards for personal/team built applications, and clients.
- Worked with Adobe Illustrator for graphics, Figma for UX/UI, and Adobe After Effects for animations/video demos.
- 

#### **League of Legends Ecommerce Store** | **Developer**, September 2022 | [GitHub](#)

- A functional e-commerce store for fictional playing cards, sourced from the LoL API.
- Wrote a WireFrame to plan vertical slices for each team member, including design mockups.
- Created the Guest Cart feature in the redux store that merges with the User Cart once logged in.
- Developed with Node.js, Psql, React, and Redux, and other libraries.

### EDUCATION

#### **City College of New York**

Bachelor of Arts in Religious Studies & Graphic Design

Graduated May 2021

#### **Fullstack Academy Web Development Bootcamp**

Software Engineering Certificate

Full Stack Javascript Web Development Immersive Program

Graduated November 2022
